CALENDAR

2020/21 SKI SEASON

Ski for Sadie
sadiebristowfoundation.org.uk

"The foundation has a number of exciting events and challenges planned for the 2020/21 ski season. A mixture of collective organised events and individual participation challenges."

Stewart Bristow

Ski for Sadie is a unique event, along with its accompanying App. For 2020/21 the event has been adapted to become an event for all, with participants choosing a level of challenge coded to match run colours. Two dates are available which include all arrangements needed as an event participation package.

For Super Drei races we will enter teams, with participants taking part in these races as individual events or combining them with participation in Ski for Sadie. Events include tailor-made travel arrangements for individuals and groups - all transfers, accommodation, passes and event participation. Participants can also enter individually and make their own arrangements if preferred.

Ski Europe and Ski France are two inspirational challenges taken on by Stewart and possibly one or two others. Details of the above are on our websites www.skiforsadie.org.uk and www.sadiebristowfoundation.org.uk, with regular updates on our Facebook page [SadieBristowFoundation](https://www.facebook.com/SadieBristowFoundation).

Get involved in these fantastic and unique events. You or your company could be part of something really special. We are also looking for sponsors, ground support, media and fundraising awareness. Please email info@sadiebristowfoundation.org.uk and help us with these exciting events.

'Don't be afraid to be great!'
